## TRIMO SUPPORT GUIDE FOR LEED® v4 AND v4.1

**LEED® FOR BUILDING DESIGN AND CONSTRUCTION**

**LEED**  
LEADERSHIP IN ENERGY AND  
ENVIRONMENTAL DESIGN

## TRIMO SUPPORTS LEED® GREEN BUILDING PROGRAM

Leadership in Energy and Environmental Design (LEED®) is the most widely used green building rating system in the world. LEED® green building program helps buildings to focus on efficiency and leadership to deliver the triple bottom line returns of people, planet and profit.

Version LEED® v4.1, raises the bar on building standards to address energy efficiency, water conservation, site selection, material selection, day lighting and waste reduction.

Trimo is a high-quality global supplier of innovative, flexible, functional and energy-efficient architectural building envelope solutions. Our customers are at the heart of our operations as we understand their needs and provide them the highest level of service and product quality.

Trimo products contribute toward satisfying credits under LEED® BD+C.

## TRIMO PRODUCTS CONTRIBUTION TOWARD LEED® BD+C

### SUSTAINABLE SITES

Credit	Intent	Trimo products contribution
SS Credit: Heat Island Reduction	To minimize inequitable effects on microclimates and human, especially frontline communities, and wildlife habitats by reducing heat islands.	<ul style="list-style-type: none"><li>Depending on the color selection, the Trimo products contribute towards Solar Reflectance Index criteria for low or steep slope applications.</li><li>Trimo vegetated roof system help to reduce heat island effect, because the temperatures on the roof can be up to 45°C lower.</li></ul>

### ENERGY AND ATMOSPHERE

Credit	Intent	Trimo products contribution
EA Prerequisite: Minimum Energy Performance	To promote resilience and reduce the environmental and economic harms of excessive energy by achieving a minimum level of energy efficiency for the building and its systems.	<ul style="list-style-type: none"><li>Trimo products make refurbished and new buildings highly energy efficient. With excellent thermal insulation Trimo products help its clients to significantly reduce their energy consumption and costs, to reduce carbon dioxide emissions and enable thermally pleasant and stable interior climate.</li></ul>

Contribute towards: NC P CS P S P R P DC P WDC P HO P HC P

EA Credit: Optimize Energy Performance	To achieve increasing levels of energy performance beyond the prerequisite standard to reduce environmental and economic harms associated with excessive energy use.	<ul style="list-style-type: none"><li>Using Trimo products and solutions there will be less need for building refurbishments in the future due to excellent energy performance.</li></ul>

## MATERIAL AND RESOURCES

Credit	Intent	Trimo products contribution
<b>MR Credit: Building Life-Cycle Impact Reduction</b>	To encourage adaptive reuse and optimize the environmental performance of products and materials.	<ul style="list-style-type: none"> <li>Trimo products can be recycled and reused. We strive to create durable sustainable products that can help projects obtaining this credit.</li> </ul>
Contribute towards:	NC 5 CS 6 S 5	R 5 DC 5 WDC 5 HO 5 HC 5
<b>MR credit: Environmental Product Declarations (EPD)</b>	To encourage the use of products and materials for which life-cycle information is available and that have environmentally, economically, and socially preferable life-cycle impacts. To reward project teams for selecting products from manufacturers who have verified improved environmental life-cycle impacts.	<ul style="list-style-type: none"> <li>Trimo has obtained EPD for all its product with third-party verification according to ISO 14025 and EN 15804; available for download at:                             <div>  <a href="#">Trimo Certificates</a> </div> </li> </ul>
Contribute towards:	NC 2 CS 2 S 2	R 2 DC 2 WDC 2 HO 2 HC 2
<b>MR Credit: Sourcing of Raw Materials</b>	To reward project teams for selecting products verified to have been extracted or sourced in a responsible manner.	<ul style="list-style-type: none"> <li>Trimo products contain recycled materials with which reduce environmental impacts and support a circular economy.</li> <li>Trimo products contain at least 7% total recycled content. Precise recycled content information can be provided when dimensioned products are identified.                             <div>  <a href="#">Recycled content of Trimo product</a> </div> </li> <li>Trimo products are sustainable, up to 99% recyclable.</li> <li>Trimo product are manufactured in Slovenia and Serbia.</li> </ul>
Contribute towards:	NC 2 CS 2 S 2	R 2 DC 2 WDC 2 HO 2 HC 2
<b>MR Credit: Material Ingredients</b>	To reward project teams for selecting products for which the chemical ingredients in the product are inventoried using an accepted methodology and for selecting products verified to minimize the use and generation of harmful substances. To reward raw material manufacturers who produce products verified to have improved life-cycle impacts.	<ul style="list-style-type: none"> <li>Trimo product does not contain substances of very high concern (SVHCs) which are included in the REACH Candidate List of SVHCs (see Annex 1).</li> <li>Product safety data sheet shall also be available, upon request.</li> <li>For Trimoterm product the Health Product Declaration is available on:                             <div>  <a href="#">Trimoterm Health Product Declaration</a> </div> </li> </ul>
Contribute towards:	NC 2 CS 2 S 2	R 2 DC 2 WDC 2 HO 2 HC 2
<b>MR Credit: PBT Source Reduction – Lead, Cadmium, and Copper</b>	To reduce the release of persistent, bioaccumulative, and toxic (PBT) chemicals associated with the life cycle of building materials.	<ul style="list-style-type: none"> <li>Trimo products do not contain lead and cadmium or any other substances listed under the Candidate List of Substances of very High Concern for Authorisation in concentration higher than 0.1% by weight.</li> </ul>

## ANNEX 1: MANUFACTURER'S STATEMENT OF REACH

---

# TRIMO

Trebnje; 23.08.2023

**Producer:** TRIMO d.o.o

**Address:** Prijateljeva cesta 12, 8210 Trebnje, Slovenia

**Product:** TRIMOTERM, QBISS, QBISS SCREEN

### **Subject:**

**Declaration of conformity with Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) and Restriction of Hazardous Substances Directive 2011/65/EC (RoHS)**

This letter confirms that products Trimoterm FTV, Trimoterm SNV, Qbiss One and Qbiss Screen as supplied by Trimo d.o.o. do not contain any substances identified as Substances of Very High Concern (SVHC) as defined by Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the REACH in quantities over 0,1% in weight.

This letter confirms that products Trimoterm FTV, Trimoterm SNV, Qbiss One and Qbiss Screen as supplied by Trimo d.o.o. do not contain any substances listed in Annex II of Restriction of Hazardous Substances Directive 2011/65/EC (RoHS) in quantities over permitted weight.

This declaration applies to the products as supplied by Trimo d.o.o. and does not apply to any additives or co-formulants added by the buyer.
